(SCHOOLS: You are welcome to use the following text as is, or alter it to suit your needs. For your convenience the suggested announcements are also located on our website at http://wiscareers.wisc.edu on the Professional Site. Click on Support, then on Website, and then on Promoting Usage.)

1) Are you having troubles thinking of a career that interests you? There’s probably a lot of occupations you’ve never even thought of: clothing designer, gem cutter, dance therapist, locksmith, pet groomer, robotics designer, medical illustrator, laser technician, cheesemaker, and many more. Check out the WISCareers website to help you make career and education decisions. Ask <NAME OF WISCareers CONTACT AT YOUR SCHOOL> for a Registration Code; then login to your future.

2) What if you had to pay $1 every time someone asked you what you are going to do after graduation? Cost: Hundreds of dollars.
   How about fees to apply for colleges that may not be right for you: Cost: Another few hundred dollars.
   Finally getting a clue about your future: Priceless
   Get a clue about your future. Check out the WISCareers website to help you make career and education decisions. Ask <NAME OF WISCareers CONTACT AT YOUR SCHOOL> for a Registration Code; then login to your future.

3) Did you know that 9 of the 10 highest paying careers required at least 8 years of school after high school? In those same careers, most people work an average of 50 hour or more a week. Do you want to know more about career planning? Check out the WISCareers website to help you make career and education decisions. Ask <<NAME OF WISCareers CONTACT AT YOUR SCHOOL> for a Registration Code; then login to your future.

4) Use one or more of the following to begin an announcement about the WISCareers site.
